Dear Chairman Simpson and Ranking Member Pingree:

I am requesting funding for the Clark Creek Pump Station Rehabilitation project in fiscal year 2024.

The funding would be used for critical repairs and improvements to the pump station. The requested amount of \$3,200,000 will rehabilitate a major wastewater pump station in Cobb County that has reached the end of its useful life and enable it to provide safe working conditions for employees, improve the electrical efficiency of the pump station, and reduce the likelihood of a sewer spill.

Thank you for your consideration of this request.

Sincerely

Barry Loudermilk
Member of Congress
